International Conference
“Svobodny Prospect 2018”,
Devoted to the Year of Civil Engagement and Volunteering in the RF

INFORMATION LETTER

International conference **“Svobodny Prospect 2018”** devoted to the Year of Civil Engagement and Volunteering in Russia will be held in SibFU on **23-27 of April, 2018**.

The purpose of the conference: involvement of gifted students in scientific, research and innovative activities and taking part in solving topical problems of contemporary science; activating scientific research work of post-graduate students and young scientists, as it is one of the effective means of quality improvement for training of highly educated professionals.

Specialists, Bachelor’s and Master’s degree students, post-graduate students, young scientists from all over the world, aged under 35 – students and faculty of higher education institutions in Russia and abroad are welcome to take part in the conference.

Non-resident participants can participate on-site or off-site.

Working languages of the conference: *Russian and English*.

There are three conference sections: the Humanities, Natural Science and Engineering. You may find information about the conference sections on the conference web-site <http://mn2018.sfu-kras.ru/> from **30 of March, 2018**.

To participate in the conference, please register on our web-site, fill in the application form and upload your presentation (maximum 3 pages). Registration deadline: **18 April 2018 (inclusive)**.

The best presentations in each section will be awarded **1st, 2nd and 3rd places** and will be published in the conference proceedings, and their authors will be awarded with diplomas. The proceedings will be included into Russian Research Citation Index data base with **ISBN, LBC and UDC** numbers.

Please, note that the participants’ travel expenses shall be borne by a sending party.

*SibFU campus street name

Participation in the conference is free for the registered participants!

Note: by filling in the registration form, the author guarantees that their article has been written by them personally and it does not contain any improperly used material. In case of filing any claims or suits by third parties concerning copyright infringement, the author shall bear responsibility and litigate.
